**MEDIA RELEASE**  
**For Immediate Release**  
**March 3, 2008**

**Share Your Thoughts on Sprague/Appleway and the New City Center**

**SPOKANE VALLEY, WASH---**After months of research, discussion and community input, the Spokane Valley Planning Commission is ready to formally take comment on the proposed Sprague/Appleway Revitalization Plan. A Public Hearing on the draft subarea plan is scheduled for Thursday, March 13 at 6:00pm in Council Chambers at City Hall.

Numerous community information meetings and forums throughout development of the plan have been well-attended, attracting a broad range of interests. The proposed plan is reflective of the input received from community members at these meetings, and is targeted to reinvigorate the Sprague/Appleway corridor and create a new city center.

Property owners, developers, businesses and all those interested in the corridor and proposed city center are encouraged to come to the hearing and share comments on any and all aspects of the plan.

A copy of the draft Sprague/Appleway subarea plan document can be seen on the project website at [www.spragueappleway.com](http://www.spragueappleway.com). Copies are also available for review at City Hall, the Spokane Valley Permit Center, and at the Argonne and Main branches of the Spokane County Library District.

City Hall is located at 11707 E. Sprague Avenue. For more information, call 688-0050.
